## Innovation and performance in repair accessories

[Audurra Process Videos](#)

Audurra™ accessory products brings together 150 years of Axalta's coating technology and application expertise with the materials and tools that our customers need to improve the quality and productivity of their painting operations.

The Audurra line of products offers a range of solutions designed to optimize performance. Audurra products include abrasives, polishes and more. In the hands of skilled technicians, these resources can take vehicle repainting, whether on the paint line of an original equipment manufacturer or in a body shop repairing a vehicle, to a new level. In the hands of a master technician, Audurra products can help bring any finish to a new level of perfection.
