# 4600 Xtreme

- Improved GRAVITY point.** More ergonomic
- New nozzles DV.** High paint flow
- New REGULATOR** Built in vernier for precise flow regulation
- Reduced paint chamber** makes easier cleaning
- New VALVE “SOFT FLOW”** Higher precision and smoothness
- Colour identifier** when there are multiple painters

The New 4600 Xtreme is the latest gun from SAGOLA. It is manufactured to Sagola's high standards and comes with a 3 year warranty.

VERSION	STANDARD CODE	DIGITAL CODE	APPLICATIONS
1.30 [DVR TITANIA]	10142202	10142222	Multiproduct, clearcoats, single stage. Basecoats
1.30XL [DVR TITANIA]	10142207	-	Clearcoats and single stage
1.30 [DVR CLEAR]	10142204	-	HS clearcoats. Top quality and high gloss finishes
1.30XL [DVR CLEAR]	10142206	10142226	Special HS clearcoats. High speed
1.20 [DVR AQUA]	10142201	-	Waterborne paints. Low viscosity. Minimum consumption
1.20XL [DVR AQUA]	10142215	-	Waterborne paints. Low viscosity. High humidity
1.30 [DVR AQUA]	10142203	-	Special waterborne paints
1.30XL [DVR AQUA]	10142208	10142228	Waterborne paints. High speed

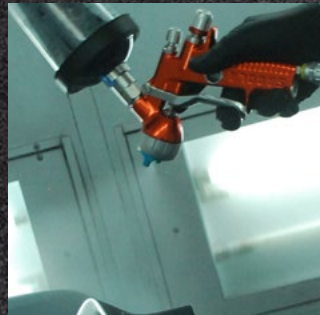

## Tecnical Details

- Weight without cup: (Dig) 494 g. / (IR) 482 g.
- Dimensions Digital: 36.5 x 10.6 x 17 cm.
- Dimensions Internal Reg.: 33.5 x 10.6 x 17 cm.
- Air inlet coupling: 1/4"
- Minimum product transfer: 65% / 75%
- Maximum working inlet pressure: 31.9 psi
- Air consumption:
  - DVR TITANIA: 11,12 cfm
  - DVR CLEAR: 10.41 cfm
  - DVR AQUA: 9.88 cfm
- Fan size:
  - DVR TITANIA: 265-285 mm
  - DVR CLEAR: 285-300 mm
  - DVR AQUA: 295-300 mm

## ACCESSORIES

# RC1

### Couplings for disposable deposits

Adaptors for 3M PPS disposable deposits for spray guns 4600 Xtreme, 4500 Xtreme and 4100 GTO.

**CODE** 55711607

Adaptors for 3M PPS disposable deposits for spray guns 4100, 3300 GTO, 3300 PRO and Mini Xtreme.

**CODE** 55711612

### Air Flow Regulation with Pressure Gauge

Manual Tightening. Ideal to work with high transfer spray guns HVLP and EPA. Pressure scale red-green as the regulation demands. Made of aluminium. Very light.

**CODE** 56418020

### Lubricant grease

Same grease used by SAGOLA in their factory over the last half century. Effectiveness backed up by 60 years of manufacturing and assembling of spray guns and painting equipments. It helps to prevent a premature wear of moving parts, offering at the same time a smooth and precise performance during the gun life.

**CODE** 56418589

### Cleaning kit

Complete cleaning set, including one brush for the outside cleaning, and rods of different sizes for all the inner paths of the spray gun. Supplied in a practical show case.

**CODE** 40000086

# 3300 GTO

NEW  
PRODUCT  
SAGOLA

## New ergonomic design!

Its new forged body and more ergonomic design together with the highest quality and efficiency nozzles, make the 3300 GTO a more attractive and versatile spray gun. It offers product saving through lower paint consumption - delivering excellent value for money. High-end Aluminium aircaps. A great primer gun for HS / H-H primers.

\* The TECH version includes Air flow regulator RC1

VERSION	REGULATOR	CODE	APPLICATIONS
1.30 [GTO TECH]	RC2*	10141551	HS and MS Clearcoats
1.40 [GTO TECH]	RC2*	10141552	HS/MS Clearcoats and single-stage paints
1.60 [GTO EPA]	-	10141563	Refinish primers/Express drying
1.80 [GTO EPA]	-	10141564	HS primers

## ACCESSORIES

We stock a complete range of accessories and replacement parts to suit both current and superseded models. This includes replacement aircaps, nozzle and needle kits and couplings. If you can't find what you are looking for, please call us for assistance.

# SPOT REPAIR

Quick repair  
Part painting

# Mini Xtreme

## MAXIMUM CONTROL

Finishes with the highest quality and precision.  
Designed for shadings and retouches using Waterborne paints.

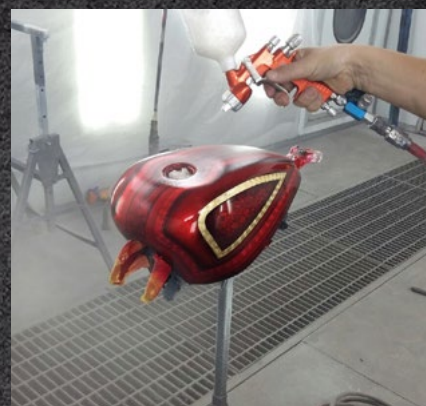

Newly designed Mini Xtreme spray gun. New air valve. New independent vernier for product regulation. New colour identifier. The perfect complement for the Sagola 4600 Xtreme.

VERSION	CODE	APPLICATIONS
1.20 [Mini AQUA]	10111803	Waterborne paints, solvents.

## Tecnical Details

- Weight without cup: 350 g.
- Dimensions with cup: 26 x 7 x 16 cm.
- Air inlet coupling: 1/4"
- Standard cup capacity: 125 ml.

## COMPLEMENTS

CODE

10141750

### MAGNETIC STAND SP1

Magnetic stand for 1 (SP1) spray gun. Solvent-proof paint. Supports PPS type adapters. Maximum robustness. High holding power due to two powerful magnets.

### DEMOSTRACION CASE

Carrying case with capacity for three spray guns and two Sagola gravity deposits. Rigid and resistant.

CODE

4000245

Maximum air quality. Ideal for waterborne and HS paints. Minimum loss of pressure.

MADE IN SPAIN

# 5300

Maximize filtration levels in spray booths and painting lines with high quality air. Sinterised brass 8 micron pre-filtration, 0.01 micron coalescent filter and final filtration through a wide surface active charcoal filter. In addition to water and impurities, this process eliminates organic fumes and foul air.

CODE 10730305

## ACCESSORIES

**Sinterised brass filter**  
1 unit

CODE 56418719

**Active charcoal filter**  
1 unit

CODE 56418070

**Coalescent filter**  
1 unit

CODE 56418071

**Anti-static hose**

Light, flexible and manageable. Anti-static EPDM rubber hose with exterior textile reinforcement. Twist free. Ideal for painting in the booth. High security crimped ends able to bear the high temperatures of the booth.

CODE 56414025

11 meters  
Ø 8x15 mm. F/F

## DRYING SYSTEMS

### SUPER FLOW

**Drying gun. Venturi system. Ideal for waterborne products.**

Includes venturi regulator to adapt drying technique to the coated surface, retouched area or entire part. Achieves far superior performance than any other waterborne paints dryer. High security crimped ends able to bear the high temperatures of the booth.

CODE 10340401

**VENTURI CLASSIC**

Dryer for waterborne paints.

CODE 4000297

**VENTURI CLASSIC STAND**

Handy and light. Multiple adaptability. Totally oriented to the typology of the part.

CODE 4000243

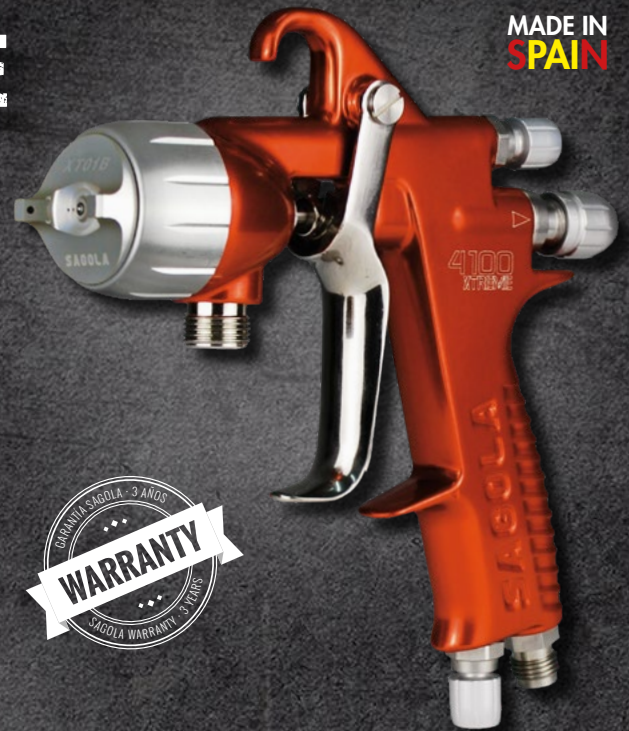

# 4100 XTREME

MADE IN SPAIN

**Maximum speed and productivity.  
Maximum robustness. Minimal maintenance.  
Wide range of applications.**

High performance and speed SAGOLA spray gun. High profitability in continuous painting. Maximum robustness. Minimal maintenance. Ideal for painting large surfaces. It offers high paint transfer without increasing air consumption or any special application requirements. Ideal for the application of high speed finishing. Anodized forged aluminum body.

VERSION	CODE	APPLICATIONS
1.20 [XT01 B]	10152110	Clearcoats and primers
1.40 [XT01 B]	10152111	Primers and fillers. Basecoats

## 4100 XTREME

### Suction version

Ideal for painting large areas, machinery and industrial vehicles. Continuous work sessions. Extra deposit capacity and application speed. Suction system of our 4100 Xtreme allows painting at right angles with the piece when painting bonnets, roofs, vehicles interiors, trucks chassis, trailers,...

CODE	VERSION
10120604	1.60 [XT01]
10120605	1.80 [XT01]

## 3300 PRO

### Pressure version

High Performance. High application speed. Versatile – suitable for many application needs. Reduce mist and save paint.

CODE	VERSION
10152206	1.40 [EPA]

## DM 1/300

COMING SOON

### Medium production

For finish and primers. Medium viscosity products.

CODE
30920599

Full equipment: DM 1/300, 4100 Xtreme pressure 1.20 [XT01 B] and 5 m. air and product hoses.

## DM 1/400

### High production

It can be used with several spray guns at once. Easy to use and low air consumption.

CODE
30920499

Full equipment: DM 1/400, 4100 Xtreme pressure 1.20 [XT01 B] and 5 m. air and product hoses.
