

IMPROVE YOUR  
PERFORMANCE.  
GAIN NEW  
CUSTOMERS.

# REPScore.NET:

THE INNOVATIVE NETWORK MANAGEMENT SYSTEM CONNECTING NETWORK OWNERS AND BODYSHOPS.

This easy to use, fully online and multilingual system helps bodyshops improve their services and streamline collaboration between bodyshops and network owners.

How will RepScore.net support your bodyshop?

## Bodyshop Profiles

Promote your performance and services to network owners.

## Audit

Identify new business and improvement opportunities and become a certified network partner.

## Ranking

Measure how you are performing compared to your competitors.

## E-contracts

Agree on conditions with network owners and close deals quicker to increase turnover.

## Training

Close potential gaps and optimise your performance.

## Job Assignment

Get new repair jobs on a performance based assignment directly from network owners.

## Communication

Simplify the way you operate with your network owners on a single platform.

## Documentation & Tasks

Save documents and keep track of your tasks at all times.

## Analysis & Reporting

Analyse your bodyshop performance and generate action plans to meet network owner standards.

## Customer Satisfaction

Check how customers rated you for continuous improvement.

## Business Card

Raise your profile with an online company business card to attract new customers.

## Warranty

Manage your warranty certificates efficiently according to your customer needs.

## External Data

Open to integrate external data for more advanced reporting.

RepScore.net replicates the network co-operation cycle:
