

PAINTSHOP OPTIMIZER

Analyze. Optimize. Improve.

- Expert consultancy including on-premises training sessions, professional and customised business advice and ongoing performance checks either in person or online.
- Enhanced job card management thanks to seamless integration with your current job card management system enabling you to get more from your existing resources.
- Cloud-based reporting via Paintshop Cockpit which gives you a complete overview of paintshop performance. No installation required!

Drivus supports professional refinish bodyshops with innovative services, helping them to optimize their processes and increase their efficiency and profitability.

RAISE YOUR PAINTSHOP'S PERFORMANCE AND PROFITABILITY

Paintshop Optimizer is a unique combination of personalised consultancy from Axalta experts plus an advanced, Cloud Service called Paintshop Cockpit. Together they improve your paintshop's profitability and day-to-day performance by giving vital information on relevant aspects of your paintshop operations.

01

PERSONAL CONSULTANCY

Get expert, hands-on advice from your own Axalta consultant who will help you continuously improve performance over time and support you in achieving more profitable results.

02

OPTIMISED PERFORMANCE

Your Axalta consultant will evaluate your current status and customise your Paintshop Cockpit. It gives you a detailed overview of processes, material usage and employee performance.

03

IMPROVED BODYSHOP MANAGEMENT

Paintshop Optimizer - the combination of Axalta consultancy and Paintshop Cockpit - gives you key business information in an easy to understand way so you know where improvements can be made.

04

SPOT NEW OPPORTUNITIES

By continuously monitoring every aspect of paintshop performance, you can spot trends and exploit them for business advantage.

Your Axalta expert will help you to continuously analyse and optimize paintshop performance and profitability step-by-step over time. All KPIs are presented clearly on the Paintshop Cockpit Cloud Service allowing you to monitor and track your cross margin and overall performance.
