

Audurra™ Microfiber Cloth

TECHNICAL WIPES

Description:

The microfiber wipe can be used for multiple actions concerning car polishing and cleaning purposes. It easily removes holograms and leftovers from the polish and gives shininess to every car. The corners of the wipe are very soft to avoid scratches on painted car parts.

Features:

- very high degree of softness
- multiple-purpose cloth
- easy to clean
- long-lasting

Available in:

Article number	Description	Packaging
D15352344	Audurra Microfiber Wipe	5 wipes per bundle Wipe dimension: 40 x 40 cm

Recommendation:

Wash the Audurra Microfiber wipes before first use.
Do not use a microfiber cloth for final cleaning of a sanded surface (surfacers / old paintwork) just before Basecoat / Topcoat application. Microfiber cloths will decolor when used with solvent-based degreasers.
