FOOTPRINT

STREAMLINED
PROCESSES

Our commitment to helping refinish customers reduce their impact on the environment.

At the core of our business is a resolute belief that sustainability is not just a goal, it is a responsibility. With Axalta as your partner, we provide high performing eco-conscious products, innovative tools and optimal resources to help minimize your environmental footprint while contributing to your business' success.

ECO-CONSCIOUS PRODUCTS

Our **belief** is to develop and deliver high performance products with sustainability at their core. Axalta's Fast Cure Low Energy System helps to reduce emissions, energy consumption and material use.

INNOVATIVE TOOLS

Our **belief** is to continually invest in cutting-edge tools and sustainable practices while seeking ways to improve our environmental performance. From tool optimization to product design, innovation is our partner in the pursuit of sustainability.

OPTIMAL RESOURCES

Our **belief** in customer excellence is at the root of our business. With our consultancy and training offerings, we provide customers with resources to help optimize processes and increase efficiency.
