

Quality Repair Professionals Network

**A higher level of confidence for truck, bus and specialty vehicle owners.
A new level of business opportunity for repair facilities.
Join the team that can take you there.**

The Axalta Quality Repair Professionals Network is designed to address the needs of your shop to help you enhance your marketing efforts, improve your paint technician's skills, and boost efficiency and profitability.

Association with Axalta

Axalta is built on a legacy of 150 years in the coatings industry and consistently viewed as a company with reliable, quality-oriented products and some of the strongest brands in the industry. This adds credibility to your own reputation and builds on consumer confidence for the work you perform. Whether your facility uses our Imron®, Excel™ Pro or Rival™ products, you can feel confident about using coatings designed for long-lasting performance and accurate color match.

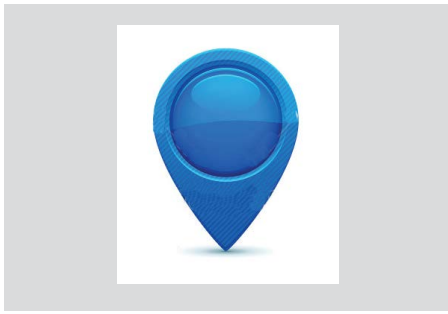

Exclusive warranty center status

We believe the ultimate vote of confidence is to stand behind your work. And because Axalta supplies products to many major truck, bus and specialty vehicle manufacturers, our OEM affiliation helps to strengthen your credibility and open doors for new business opportunities. Plus, as an Axalta Quality Repair Professional, you can offer a choice of warranties to meet the needs of your heavy duty truck, fleet or speciality vehicle customers.

Your biggest competitive advantage may start in the classroom

In an industry as competitive as collision repair, running and growing a successful company means staying ahead of the latest business and technological developments. As a member of our Quality Repair Professionals Network, you can choose from a wide range of training programs and seminars designed for both employees and collision repair shops managers.

Network affiliation

Insurers, fleet managers and specialty vehicle owners appreciate the added reliability of working with a national network of trustworthy shops that will deliver and stand behind their repair work. Whenever their vehicles travel across North America, they can be confident that an Axalta Quality Repair Professional maintains consistent quality standards.

Furthermore, we've formed a strategic alliance with Vspec - Vehicle Claim Specialists, a growing and highly respected network of collision repair shops across North America specializing in referrals for trucks, tractor trailers, recreational vehicles, and heavy equipment. For more information on how Vspec can benefit your business, visit www.vspecclaims.com.

ColorNet® and ProfitNet® software

Axalta's customers are supported by ColorNet, a user-friendly software platform designed specifically to make color formula retrieval and reporting quick and easy. The software provides volatile organic compounds (VOC) tracking, inventory management and offers a variety of helpful reports. ProfitNet is a third party software program designed to measure and manage all aspects of your collision repair business. With this program, owners have access to critical information they need to make decisions regarding costs, productivity and profitability of their business.

Shop improvement tools

Axalta offers support tools designed to educate and enhance your learning experience, including industry best practices and standard operating procedures. Implementing the recommended practices should make your business more efficient and profitable. Additionally, Axalta can assist with the layout and design of your shop to help improve the work flow in your existing space or for new construction. Members have access to a Customer Service Index (CSI) program to obtain performance measurements of your shop's quality and service with satisfaction ratings and feedback directly from your customers.

Custom marketing tools

Customizable marketing materials are affordable, professionally developed sales tools designed to help differentiate your business from competitors. High impact brochures, advertising, hang tags and warranty documents will help you promote your business and streamline your marketing efforts.
