

Axalta Training

Get professional-grade training for professional-grade painters.

Training is important. Axalta's training programs are designed to help professionals involved in the painting process understand the various products, performance characteristics, application techniques and safety measures that are associated with our line of transportation coatings.

And we believe training is so important that we are offering any of Axalta's training courses held at our learning and development centers to members of the Quality Repair Professionals Network for **free**. That's a \$1600 value for a standard 2-day training course which includes course materials, lunch, snacks and assorted merchandise.

Axalta's Learning and Development Centers are conveniently located across the US and Canada:

Atlanta, Georgia

Lionville, Pennsylvania

Montreal, Canada

Chicago, Illinois

Pomona, California

Toronto, Canada

Houston, Texas

Roseville, California

Vancouver, Canada

Jacksonville, Florida

In addition to our hands-on training, Axalta offers on-line performance management training modules featuring customer service, painting, repair planning, selling and delivery and financial administration.

So whether you desire an online or hands-on experience, Axalta offers a wealth of eLearning and instructor-led options.

To enroll in an Axalta training course, visit **QRPTraining.AxaltaLearningCampus.com**. See the Frequently Asked Questions document for instructions.
