

# Montana Big Sky™ TH5952 Fast Evaporating Final Cleaner

## GENERAL

### DESCRIPTION

TH5952 is an extremely fast evaporating surface cleaner that safely and quickly removes oils, waxes, and silicones prior to applying topcoats. TH5952 is perfect for use around moldings and minor clean-up prior to priming or painting.

**The products referenced herein may not be sold in your market. Please consult your distributor for product availability.**

## APPLICATION

### APPLICATION

1. Saturate a clean, dry lint-free cloth with TH5952 and apply to small areas using a wiping motion.
2. Follow by wiping with a clean dry lint-free cloth.

Note: TH5952 may also be used as a quick cleaner to remove fingerprints, smudge marks, and spot contaminants on small areas without the use of a second drying cloth.

## VOC REGULATED AREAS

VOC as Applied 713 grams/liter | 5.95 lbs/gallon

These directions refer to the use of products which may be restricted or require special mixing instructions in VOC regulated areas. Follow mixing usage and recommendations in the VOC Compliant Products Chart for your area.

## SAFETY AND HANDLING

For industrial use only by professional, trained painters. Not for sale to or use by the general public. Before using, read and follow all label and SDS precautions. If mixed with other components, mixture will have hazards of all components.

Ready to use paint materials containing isocyanates can cause irritation of the respiratory organs and hypersensitive reactions. Asthma sufferers, those with allergies and anyone with a history of respiratory complaints must not be asked to work with products containing isocyanates.

Do not sand, flame cut, braze or weld dry coating without a NIOSH approved air purifying respirator with particulate filters or appropriate ventilation, and gloves.
