INNOVATION

Axalta remains at the forefront of technology in the coatings industry, introducing more than 25,000 new color technologies each year and working to provide our customers with innovative and sustainable solutions that make their products last longer and perform better.

AXALTA BRIGHT FUTURES

We make a positive impact through our programs focused on promoting STEM and vocational education and supporting children, health, safety and the environment in our local communities.

SUSTAINABILITY

We work each day to reduce energy, emissions, water, and waste from production, and to advance responsible sourcing practices and uphold human rights. We also partner with our customers to help improve sustainability within their own operations.

UNIVERSITY RELATIONS

We offer global programs that help students learn, grow, and connect directly to the exciting work that happens at our company every single day.

AXALTA RACING

We maintain motorsports partnerships across nearly twenty global series, including Formula 1 and NASCAR.
