

Take productivity and appearance to the next level.
Fast results. Less energy.

Speed-TEC

An Axalta Coating Systems Brand

Enhance productivity, reduce energy, and **elevate finish quality.**

Spies Hecker® Speed-TEC Fast Cure Low Energy (FCLE) Repair System is an advanced surfacer and clearcoat system engineered for body shops that demand maximum productivity, superior performance, and measurable energy savings.

The system combines Spies Hecker Speed-TEC HS Speed Surfacer 5560 and HS Speed Clearcoat 8820 to deliver a fast-curing, low-energy process engineered for maximum throughput. By leveraging advanced technology, Speed-TEC significantly reduces cycle times and energy consumption while consistently delivering a smooth, durable, premium finish.

When paired with Spies Hecker Hi-TEC single-visit application basecoat, the complete Spies Hecker system unlocks its full potential - enabling a complete refinish process in as little as 30 minutes. This powerful combination gives collision centers a smarter, faster way to increase productivity while maintaining the premium results their customers expect.

Fast, reliable processing.

Speed-TEC leverages a patented Fast Cure Low Energy (FCLE) technology that uses a combination of temperature and ambient humidity to accelerate the drying process.

Low energy consumption.

Spies Hecker Speed-TEC cures at lower temperatures, reducing overall energy consumption.

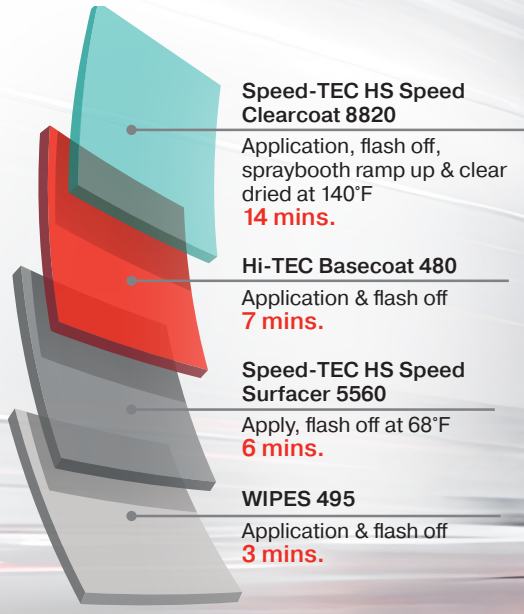

OEM-approved finish.

The new Speed-TEC Clear Coat delivers a durable, scratch-resistant finish that meets OEM specifications, ideal for high-quality, warranty-grade repairs.

Simplified workflow.

One surfacer for sanding and wet-on-wet. One hardener across the system. Fewer steps. Less product complexity. More flexibility for your team.

Highly-Productive System with Brilliant Results.

= 30 mins.

Hi-TEC + Speed-TEC

The Spies Hecker family of products.

- Pretreatment Wipes 495
- Speed-TEC HS Speed Surfacer 5560
- Hi-TEC Basecoat 480
- Speed-TEC HS Speed Clearcoat 8820

Fast Application. Less Energy. The Smartest Choice.
