Transportation Coatings

Expertise built over 150 years

As a leading supplier of liquid industrial coatings, we are fortunate to be able to count on a vast amount of knowledge and expertise built of over 150 years in the business. Our ability to knowledge-share across all the coatings sectors and industries means we provide our customers with the best know-how in the business.

As part of a global network of dedicated specialists, we have in-depth knowledge of our customers' requirements. To support them, we offer:

- A dedicated team of account managers
- Technical representatives
- On site support
- On site reviews of our customers' technical systems
