

Industrial Wood Coatings

Amarium® Pre-Catalyzed Lacquers

Amarium Pre-Catalyzed Lacquers

Fast drying and seriously durable, Amarium Pre-Catalyzed Lacquers are premium-quality finishes known for their ease of use. They also offer excellent clarity and provide for enhanced UV protection.

“A premium, single-component finish ideal for cabinets, furniture and other interior wood surfaces.”

Ready and Easy to Use:

- Premium, single-component finish
- Ready to spray, no catalyst required
- Fast drying
- Excellent clarity
- Easy to use and apply with excellent flow and build properties
- Excellent mar, water, solvent and general chemical resistance
- Easy to sand with excellent re-coatability
- HAPs-free and low-VOC formulations available

All the Benefits You Need:

- Complete self-seal system or may be used with a companion sealer, when desired
- Excellent durability and physical properties
- Can be applied by conventional aerosol, HVLP, airless or air-assisted airless equipment
- Compatible with Axalta Wood Finishes color systems
- Surpasses all KCMA performance standards when applied properly

Perfect For:

- All general interior wood finishing
- Kitchen cabinets, tables, furniture and other interior wood surfaces where an extra-durable and easy-to-use finish is the end goal.
